Hopscotch Bellybutton - absorbing ephemeral contradiction.

Knuckle crawling chill -

- tornado. Chisels hollow blaze

pinching luminous nil...

Abrasive

Lightning drone devoid of perilous bliss

Flattens nasty compassionate thunder

Charge -

lemon muzzle hectic sound:

Phasing cuddly.

Suave Domino combative glitter -

Frantic parcels frame the knot;

Kettle whistle - farewell chord.

Comatose finch:

- eerie

Detached Gargantuan

Pigeon in a bearskin

Spells bitter guzzling curve

Faint teeth dancing

Appalling

Crunch thumb crisp

Mirror Ox

Flip

murky flutter apparition -

Gasp

Pony Bawling "Horseradish!"

Ray Feigned Bash - Crimson

Awkward misshapen Lollipop harpoon missing

Just a little...

Gurgling

Nebulous bottom bludgeoning:

Blunt Banana smoke blip.

- graceful frightening blush - foul

Freckled cloud rattling tremor,

wink-wink - Zero

gibberish pounds sweat drops

slap the Guts - Kibosh.

percussive pearls -

bats hideous blank... perplexing hop

atrocious rain - stunned grin.

Blackout

2

heartbeat, alien.

Thunderous drums, demonic growls, tortured screams, droning feedback

lackadaisical sigh

- draws particular bamboozle

in the head:

elbow forest grows

- splash of the drone,

giggling - slap /

improper bellow wallows.

sudden jump of the hair –

bittersweet feel,

murky, amusing - like a clam blubber

knuckle tick tock

- knock-knock chop.

Then - glitter bizarre –

guzzling bliss,

jagged blow

- thought of the sweat rain...

jerk hoop –

flap,

beehive blurt.

blemish sound. negative

the bubble lays down,

covers itself with a sheet

- goes to sleep. but how?

Clack

- elaborate blue. missing

frightening smooth, heaving blush.

crab attacks flowers. savage cuts.

rays of light dance around.

Fog is coming to dissolve it all.

empty place. And then a hill starts growing,

swelling more and more - and then

it turns into a volcano - huffy, perplexing

timid stillness
